Overview

Introduction

The Iowa Department of Education (Department), Division of Community Colleges and Workforce Preparation annually prepares the Certified Budget Report. This report provides information to assist the Iowa State Board of Education (State Board) members in their role as outlined in Iowa Code chapter 26oC.17, as follows:

"The board of directors of each merged area shall prepare an annual budget designating the proposed expenditures for operation of the community college. The board shall further designate the amounts, which are to be raised by local taxation and the amounts which are to be raised by other sources of revenue for the operation. The budget of each merged area shall be submitted to the state board no later than May 1 preceding the next fiscal year for approval. The state board shall review the proposed budget and shall, prior to June 1, either grant its approval or return the budget without approval with the comments of the state board attached to it. Any unapproved budget shall be resubmitted to the state board for final approval."

To meet Iowa Code, this report on each community college projected budget must be reviewed and approved by the State Board on or prior to June 1 of each year. At the time the information for this report is requested from Iowa's 15 community colleges, state general aid appropriations, tuition revenues and employee salaries are not finalized for the next fiscal year. Only budget estimates can be provided. Community college staff demonstrated their best attempts at preparing the following budget estimates for next year.

Overview and Explanation of Budget Process

Each community college budget included in this report is the budget approved by the local board of each community college. This budget is used for determining tax levies. To prepare this budget, college staff must estimate revenues and expenditures for fiscal year 2024 (FY24).

According to Chapter 24 of the Iowa Code, the local approved community college budget must be filed with the college's controlling county auditor. The controlling county auditor is usually the auditor in the most populated county in the merged area (e.g., Polk County for Des Moines Area Community College), and is published in newspapers with a notice of a public hearing. The notice of public hearing must be published at least 10 days prior to the hearing. The budgets are typically sent to the controlling county auditor no later than March 15 of each year on the forms prescribed by the Iowa Department of Management. The Residential Assessment Limitations Act (Senate File

181) extended that filing requirement date to April 30, 2023, with that date falling on the weekend the due date was May 1, 2023.

The funds used for published and certified budgets are the Unrestricted General Fund (Fund 1), the Restricted General Fund (Fund 2), the Plant Fund (Fund 7), and the Bond and Interest Fund (Fund 7). For comparative purposes, the FY23 re-estimated budget and the FY22 actual revenue and expenditures for Fund 1, Fund 2 and Fund 7 are included.

Unrestricted General Fund (Fund 1)

The Unrestricted General Fund (Fund 1) is available for any legally authorized purpose and is, therefore, used to account for all revenues and expenditures for activities not provided for in other funds. Organizational units to be financed through this fund are those which are generally directly related to the operation and support of the educational program of the college with the only restrictions being those imposed by the budget.

Community colleges have six primary sources of revenue available for General Fund activities accounted for under Fund 1. These include:

- 1. State General Aid
- 2. Tuition and Fees
- 3. Local Support (property tax levies)
- 4. Certain Federal Aid
- 5. Sales and Service
- 6. Other Income (such as interest)

Restricted General Fund (Fund 2)

The Restricted General Fund (Fund 2) is used to account for resources available for the operation and support of the educational program, but which are restricted as to their use. Some examples are: Tort Liability, Unemployment Compensation, Direct Federal Grants (e.g., Carl D. Perkins, Adult Education and Family Literacy Act), Chapter 260E (Industrial New Jobs Training), Chapter 260F (Jobs Training) and Chapter 260G (Accelerated Career Education Program).

Plant Fund (Fund 7) and Bond and Interest Fund (Fund 7)

The Plant Fund (Fund 7) is used to account for resources available for the purchase and operation of physical facilities. Plant Funds are generated from the local \$0.2025 levies.

The Bond and Interest Fund (Fund 7) is used to account for resources available for the payment of interest on bonds and retirement of bonds issued.

Published Budgets

The "published budgets" (or "certified budgets") contain the "best" estimate of revenues and expenditures, many of which are unknown at the time of budget development. Specifically, state general aid, tuition and fees, and salary/benefits remain undetermined.

If at the end of the fiscal year, revenues exceed expenditures, a fund balance surplus will occur for that year. Conversely, when expenditures are greater than revenues, a fund balance deficit will occur for that year. Over the years, it has been common practice for colleges to gradually accumulate the fund balance up to some targeted amount that is a cushion to unforeseen future drops in revenues or increases in one-time expenditures.

The individual community college budget depicts trends in revenues and expenditures for the General Funds (Fund 1 and Fund 2), Plant Fund (Fund 7) and Bond and Interest Fund (Fund 7) for each community college. The budgeted financial information of FY24, re-estimated FY23 and the actual revenue and expenditures for FY22 are provided for a more accurate view of each institution's budget and a history of the revenues and expenditures. The statewide total budget summarizes the individual community college data into statewide totals.

The following section provides the FY24 budget for each community college as submitted in the public hearings and to the county auditors for the certification process and is provided to the Department by Iowa's 15 community colleges. It is important to remember that this document includes more data than the Unrestricted General Fund (Fund 1), which is normally reported in other published documents. It also includes the Restricted General Fund (Fund 2) and the Plant Fund and Bond and Interest Fund (Fund 7).

COMMUNITY COLLEGES & WORKFORCE PREPARATION

PROSPERITY THROUGH EDUCATION

The Division of Community Colleges and Workforce Preparation within the Iowa Department of Education administers a variety of diverse programs that enhance Iowa's educational system and help to prepare a skilled and knowledgeable workforce. Divided between two bureaus — the Bureau of Community Colleges and the Bureau of Career and Technical Education — the Division is committed to providing and supporting opportunities for lifelong learning. In addition to working with Iowa's 15 public community colleges on state accreditation, program approval, equity review and data reporting, guidance is also provided in the areas of career and technical education, workforce training and economic development, military education, the state mandated OWI education program, the GAP Tuition and PACE programs and Senior Year Plus.
